The Learn4Content Initiative,
c/o The Commonwealth of Learning,
Canada.

Attention: Dr. Wayne Mackintosh, COL

CC: Ms. Patricia Schlicht, COL

Dear Sir,

RE: LEARN4CONTENT WORKSHOPS

This is to confirm that the Winneba Open Digital Village is willing use its 20-seater Internet ready computer lab for two (2) face-to-face workshops for selected participants within the Ghana region under the Learn4Content Initiative bounty.

With the rich experience of its staff working constantly within the Wikieducator platform and hosting such workshops, we are willing to host more workshops if the need arises for the us to do so. All we need will be at least a week's notification.

We are happy to be associated with this laudable initiative. Congrats!

Many thanks.

Your faithfully,

Kafui Amenu Prebbie
Country Director, OVF-Ghana
